AUSTRIA INVITES YOU

Drifting is the highest of all feelings when it comes to driving on ice and snow. It is known as the perfect car control mastery paired with lots of driving pleasure!

Learn to drift with professional guidance at the Ice Park Obertauern in the Austrian region of Lungau at 1250m altitude. Low temperatures in winter and perfectly suited Subaru WRX STIs allow a maximum of drifting pleasure at all proficiency levels.

Refine your driving skills and perfect your car control on our demanding location in between the Austrian Alps! Choose from our various training types: Precision, Perfection or Passion. Or bring your own sportive car equipped with 4-wheel drive – we are looking forward to having you with us this winter!

THE TRAINING INCLUDES*:

- Training location in Austria, preparation and recovery of ice tracks
- Theoretical session in the event room
- Training cars (Subaru WRX STI) fuel and underride guard against damage included
- 3 experienced trainers, track radios, track resources and equipment
- Catering with soft drinks and snacks
- Depending on the event type you chose: culinary highlights up to the five course menu at Spa Hotel "Eggerwirt"
- Plenty of thrilling exercises for car control and lots of tracktime
- Competition with trophy and debriefing session
- Upon request: Video recording with VBox and a 16Gb USB Stick
